

#### AV Awards 2009

##### Manufacturer of the Year

##### Grand Prix

Crestron was unveiled as the winner of two of AV Awards 09 most prestigious awards, that of **Manufacturer of the Year** and **The Grand Prix**.

One of the most hotly contested accolade's the Grand Prix is judged on a number of criteria including;

- Innovative business practices that benefit the sector as a whole
- Market development and industry leadership
- Technical and creative innovation
- Documented business objectives and results

This year, Crestron ticked all these boxes. Having doubled its UK turnover in the past three years and it has invested £500,000 on new training course and demonstration facilities during the past 19 months. The judges felt that Crestron has nurtured its own business by providing more and more training for its staff and also for the industry.
